Discovery the World Needs
University of Saskatchewan’s Research Plan

2018-2025

Interdisciplinary leadership

Empower Scholarship | Deepen Connections | Celebrate Contributions
We will uplift Indigenous scholarship rooted in partnership, understanding, and reconciliation.

Uplift Indigenization

Embolden our Strengths
We will amplify signature priorities while cultivating areas of emerging strength and potential.

Accelerate Performance | Cultivate Opportunities | Diversity Linkages

Invigorate our Health Cluster
We will unlock the creativity, innovation and community potential of interdisciplinary research.

Build Institutional Fortitude

Strengthen Disciplines | Catalyze Culture | Transform Communities

Entrust Leaders | Inspire Ambition | Align Structures
We will enable our academic community to excel in research, scholarly, and artistic work, through vision, agility, diversity, and courage.
