---

**SSHRC Insight Grant World Café Event**

For the upcoming Insight Grant, we will **not** host a workshop. Instead, we will invite researchers to watch past [workshop video information](#) and join us for a world café event.

Researchers will be asked to pitch their draft ideas to their peers, including those who have sat on national review committees. We will then rotate discussants so that researchers receive (and offer) two rounds of feedback from/to colleagues.
**New Frontiers in Research Fund – Exploration 2022 Competition**

The 2022 competition for **New Frontiers in Research Fund (NFRF) – Exploration** has been announced. NFRF – Exploration is a grant that supports research that pushes boundaries into exciting new areas. The goal is to inspire high risk, high reward and interdisciplinary research. Exploration is a 2 year grant with funding up to $125,000 per year. It is a 2 stage competition.

**Notice of Intent:** 28 June 2022  
**Full Application:** 13 September 2022

NFRF will be offering a webinar for the full application stage on **19 July 2022 from 11am-1pm**. You can join [here](#).

RASI will be providing additional support for faculty who submit an NOI including:
- Information session with Exploration award recipients and/or reviewers in early July. More information to come.
- Internal review of full application.

Please see the [RASI website](#) for more information.

For more information, please contact Research Development Specialist, Kristina Rissling Olson at [grant.review@usask.ca](mailto:grant.review@usask.ca).

**Tri-Agency Interdisciplinary Peer Review Committee Pilot Program**

The Tri-Council is extending the pilot of the Tri-agency Interdisciplinary Peer Review Committee for another year for SSHRC Insight Grant, CIHR Project Grant, and NSERC Discovery Horizons. Individuals applying for the SSHRC Insight Grants, CIHR Project Grant, and NSERC Discovery Horizons funding opportunities can direct their applications to be reviewed by this interdisciplinary peer review committee.

More information and how to direct your application can be found [here](#).
Grain Farmers of Ontario – Call for Letters of Intent

Grain Farmers of Ontario is pleased to announce that its annual Call for Research Letters of Intent (LOI) is now open. Investment in research is a long-term strategic initiative of the Grain Farmers of Ontario. The goal is to target research and innovation investments toward opportunities that will enhance farmer-member profitability and sector competitiveness.

Researchers are invited to review the recently updated 2022 Research Priorities and to submit an LOI addressing those priorities using this year’s LOI template by Wednesday, 13 July 2022 (by 4:30 pm). LOIs submitted should have start dates of April 2023 or later.
