At the time of application, are you attending university full-time or part-time?

Full-time Part-time

Student Statement of Interest:

Please provide up to a 2500-character answer to each of the following questions.

Questions 1-3 will be used to evaluate student research potential. Question 4 is optional, and responses will be considered as part of evaluating student academic performance.

1. What experiences (academic, work, extracurricular, volunteering) or skills do you have that would support you to complete your summer research project. Please provide specific examples. (10 points)

Up to 2500 characters

2. How will your summer research project help you to practice and develop research skills and other competencies? Please provide specific examples. (10 points)

Up to 2500 characters

226 Thorvaldson Building
110 Gymnasium Place, Saskatoon, SK S7N0W9 Canada
Email: undergraduate.research@usask.ca

3. How will the opportunity to work on this project contribute to your future education or career? Please provide specific examples. (10 points)

Up to 2500 characters

This question is optional. It is intended to be completed by students who feel that extenuating circumstances have impacted their academic performance and would like those circumstances to be considered by the adjudicators.

4. There are situations in which applicants believe that their academic performance, as reflected on their transcript does not give a full picture of their capabilities. If you believe there are extenuating circumstances regarding your academic achievement to date that should be considered by the adjudication committee, please describe them here. When sharing personal information, please only provide examples in a general way (for example, you could say "I have had health challenges" rather than sharing a specific diagnosis).

Up to 2500 characters
