

MentorSTEP

## MentorSTEP Internships

### Corporate Expression of Interest: Saskatchewan Mining Companies

#### Overview

MentorSTEP is a partnership between the University of Saskatchewan and the Saskatoon Tribal Council (STC), funded by the International Minerals Innovation Institute (iMii). It aims to support young Indigenous women (First Nations, Métis, or Inuit) enrolled in STEM or related disciplines (science, technology, engineering and math, as well as business, health and environment) to pursue careers in Saskatchewan’s mining industry. To find out more, visit:

<https://vpresearch.usask.ca/students/undergraduate/mentorstep/mentorstep.php>.

#### Internships

Summer research internships are available. Your company may support one or more qualified students (senior high school or undergraduate women who are First Nations, Métis, or Inuit) to pursue summer internship opportunities. Companies are expected to provide a robust, supervised internship opportunity using your company’s existing internship policies and procedures (i.e. conducting interviews, writing letters of offer, human resources guidelines, safety, payroll). MentorSTEP will work with you to identify potential students, or support existing or anticipated students who have applied to you for opportunities but may meet our guidelines and criteria. *A limited number of internships are available for summer 2020.*

Students who are accepted for a MentorSTEP summer research internship, if not already part of the MentorSTEP program, will be expected to participate in a formal mentorship component and shared learning events starting in fall 2020.\*

#### Application

Please direct applications and any questions to Merle Massie, Coordinator Undergraduate Research Initiatives and MentorSTEP USask coordinator at [merle.massie@usask.ca](mailto:merle.massie@usask.ca) or call 306-966-7127.

<b>Company:</b>		
<b>Company contact for MentorSTEP:</b>		
<b>Contact email and phone number (10 digits):</b>		
<b>Student name (if known) and contact:</b>		
<b>Proposed Start &amp; end dates (mm/dd/yy - mm/dd/yy):</b>		
<b>Hours per week (e.g. 37.5):</b>		
<b>Salary per hour (e.g. \$14.50) For guidelines, see:</b> <a href="https://working.usask.ca/agreements/compensation/salary-ranges.php#UndergraduateStudents">https://working.usask.ca/agreements/compensation/salary-ranges.php#UndergraduateStudents</a>		

**MentorSTEP**

**List of potential summer internship projects (to be matched to student interest):**

**Project Descriptions: Brief overview of potential summer internship project(s).**

**Provide a description of the intern's learning outcomes, skill-development, and/or benefits to the intern:**

**Who will conduct intern supervision and oversight? How? How often?**

\*Note: Funding will be prioritized for current MentorSTEP students first. Companies who participate in MentorSTEP may receive site visits, follow-up, and/or exit interviews.
